M2 Mini shower/commode

The M2 Mini series is developed and designed for children and small adults who are hard to place in a standard chair.

The chairs are ideal for children, as several parts of the chairs can be adjusted as the child grows.

In this way the chair can be a stable aid in the users daily life for many years. Since it does not need to be replaced as the user grows.

The chair hasn't got a shell that needs to be replaced as the user grows, but rather a product that is so flexible that it can follow child development day by day.

The seat is made of soft PU foam with incorporated bucket holder.

It is provided with a lid cover as standard, so it is possible to use only chair as a shower chair with no hole in the seat.

The chair comes with 100 mm wheels, height adjustable in five positions.

The wheels are in stainless steel and has an effective threadguard which stops the dirt and hair from getting into the axis. The wheels also have double action brakes.

M2 Mini shower/commode

The backrest is made of netweave so that the water can penetrate the fabric.

There are sewn three buckles on the back, so it will be possible to obtain an optimal adaptation to the individual user.

The backrest can be removed and washed separately by opening the buckles in the back.

It is possible to adjust the armrests as the user grows.

The armrests can be variably adjusted from 15.5 cm to 28.5 cm (measured height from the seat).

To make maneuvering easier for the helper, the push handles are height adjustable and it is possible to push them to the side.

All M2 Mini shower / toilet chairs are supplied with a holder for headrest and supports.

See accessories in this brochure to read more.

HMN a/s

M2 Mini Standard

M2 shower / commode is a chair for children and small adults.

This chair is the ideal shower / commode for smaller users; children and small adults.

Many of the parts on the chair can be adjusted as the child grows, so that it can be a stable support in everyday use for many years.

Notice: The chair in the picture is shown with accessories.

The chair is designed in such way that it grows with the child.

It is provided with a lid cover as standard, so it is possible to use only chair as a shower chair with no hole in the seat.

M2 Mini Self-propelled

M2 shower / commode for children and small adults who are using self-propelled wheels can be much more independent of the helper.

Like the M2 Mini standard, this chair is incredibly flexible regarding the adjusting of settings, and is therefore an ideal chair for a child growing into adulthood.

M2 Mini Self-propelled are specifically designed for children and small adults who want more independence from the helpers.

Notice: The chair in the picture is shown with accessories

The chair is height adjustable in three positions.

The front wheels are height-adjustable via clips, and the self-propelled wheels can be adjusted in three different settings using a wrench key.

On the M2 Mini Self-propelled is mounted an anti-tip protection for safety reasons.

It can also be used as a stomp pedal.

HMN a/s

M2 Mini Gas-Tip

**M2 shower / commode for children and small adults with gas-tip.
The easy way when service users must be tilted.**

M2 Mini Gas-Tip has a gas spring which supports the helper when users needs to be raised to a horizontal sitting position.

Due to that the gas spring supports the way of movement from tilted to horizontal position.

This provides incredible ease of use, even with heavier users.

Notice: The chair in the picture is shown with accessories

The brakehandle is on the left side of the chair.

It is easy to use the brakehandle to tip the chair.

If you want lockable armrests, this can be purchased along with the chair, or you can buy a set of armsrests with lock.

These armsrests are only supplied with PU foam.

M2 Mini El-Tip

M2 shower / commode for children and small adults who are difficult to place in a standard chair.

Notice: The chair in the picture is shown with accessories

The simple remote control makes it easy to operate the chair, even without training or instructions.

If you want lockable armrests, this can be purchased along with the chair, or you can buy a set of armrests with lock.

These armrests are only supplied with PU foam.

M2 Mini Accessories

Height adjustable footrests

The height-adjustable footrests can be swung to the side or in front of the chair. The footplate can also be folded up to provide more space.

They are available in a mini version (31-41 cm from the edge of the seat to the footplate) and as standard footrests (39-51 cm).

Footrests to Mini
Art. no.: 310510

Standard footrests to M2
Art. no.: 310049

Height and angle adjustable footrests

The height and angle is easy to adjust without the use of tools and a bushing in the footrest ensures that the footrests are mounted secure.

The height adjustability of the footrest and the angle adjustability of the footplate ensures optimal positioning of the feet.

Height adjustable footrests
Art. no.: 313041

M2 Mini Accessories

Calf support
Art. no.: 310226

Calf support

The calf support is especially recommended for tip-chairs as it prevents the legs of the user from falling back.

The calf support is made with velcro which makes it depth adjustable. It supports the entire lower leg which provides safety for the user.

Footrests with heel straps
Art. no.: 310285

Footrests with heel straps

Height adjustable footrests with heel straps that prevent the users feet from sliding back when tilting the chair.

With heel straps the footrests can still be pushed aside.

M2 Mini Accessories

Standard seat with less wide
hole for M2 Mini
Art. no.: 310370

Standard seat with less wide hole for M2 Mini

Seat with less wide oval hole that has a comfortable, soft and flexible surface that is produced in cold foam.

The oval hole is 13 cm wide.

Horseshoe seat for M2 Mini,
less wide hole
Art. no.: 310371

Horseshoe seat for M2 Mini, less wide hole

Has a horseshoe cutout as the standard seat for the Mini-chairs. The special feature of this seat is, however, that the cut is 5.5 cm narrower and thereby 13 cm wide.

Is produced with a surface in cold foam.

M2 Mini Accessories

Amputation supports

The amputation supports are easily adjusted by pressing a button and then setting the desired angle.

They can of course be combined with all of our other legrests and supports.

Amputation support right,
Art. no.: 800343
Amputation support left,
Art. no. 800344

Legrest with elevation

If you need more support, we have legrests with elevation.

With these, you can adjust the angle and the position of the calf rest to achieve optimal support.

Legrests with elevation, set, art. no.: 310052

Extra calfrest in PU foam Art. no.: 310358

M2 Mini Accessories

Urine funnel
Art. no.: 148861

Urin funnel

The urin funnel is made for people who have problems urinating into the toilet. It can help preventing the user from urinating on the floor or on the toilet seat.

The urin funnel is used by placing the narrow end facing down towards the toilet.

Splash guard for M2 Mini
Art. no.: 310517

Splash Guard for M2 Mini

The splash guard is for people having trouble getting "the beam" directed down in the toilet / bucket.

It can alleviate the problem by spreading the legs to facilitate the possibility of lower hygiene.

The splash guard only fits on horseshoe seats, which is standard on M2 Mini chairs.

Supplement for the chair comes with 1 direction fixed wheel;
Art. no.: 800157

Direction Fixed wheel

The chair can be supplied with a direction fixed wheel (dark gray brake pedal).

This facilitates maneuvering the chair and ensure that the helpers health and safety are protected.

M2 Mini Accessories

Side support

Suitable for people who lack support in the right, left or both sides.

The side support is adjustable in height, width and depth, so people who do not fill the chair can be supported closer to the body.

In the case of tall people, the side supports can be reversed and thereby giving support higher up.

M2 Mini Accessories

Hemiplegia armrests Set,
Art. no.: 800275
Right, Art. no.: 800274
Left, Art. no.: 800273

Hemiplegia armrests

Hemiplegia armrests are ideal for users with hemiplegia, paraplegia, tetraplegia and others who need extra support at the forearms.

It is possible to change the length in two steps on the armrests, so the support can be adapted for each user.

Bucket, intimate to Mini
Art. no.: 310516

Bucket to Mini

Special intimate bucket, designed only for M2 Mini shower / toilet chairs.

It has an ergonomic grip and is easy to place in the built-holder under the seat.

M2 Mini Accessories

Wide adjustable head supports in PU foam

The large neck pillow provides great support for the user and can be adjusted in width, as there is a piece of light metal inside the PU foam.

The first model is height adjustable and the second and third are height, depth and angle adjustable.
