

User guide for Shower/Commode chair M2 Mini Standard.
Intended for use a bathing, showering and toilet visit.
(1/3)

	<p>Assembly of wheels: Lay down the chair. Take the clips out of the leg and insert the wheels into the frame. Make sure that <u>all</u> 4 wheels are in the same height position before inserting the clips. Turn the chair over for easier assembly of the wheels.</p>
<p align="center">Mounting the back: Attach the back into the frame.</p>	
	<p>Assembly the back: Insert the 4 screws and tighten with an Allen wrench. Make sure that <u>all</u> 4 screws are securely tightened. Remember to retighten the screws after a month. The screw shall be discarded after the mounting and you shall use the screws to the next mounting. (Art. No 800290)</p>
<p align="center">Mounting/Disassembly of armrest For mounting/disassembly of armrests; pull up the armrest and out to the side</p>	
	<p>Adjustment of armrests The height of the armrest are adjusted by loosening the umbraco screw and then moving the armrest to the wished height and then tightening the screw again.</p>
<p align="center">Locking the wheels: Before use of the chair bathing, showering or lifting persons into the chair, make sure that <u>all</u> 4 wheels are locked. To lock the chair, press down the grey plate as shown on the picture to the left.</p>	
	<p>Mounting the footrests: Adjust the height of the footrests by taking the clips out, placing the footrests in the wished position and putting the clips back in. Footrests are to be placed on the front of the frame in the footrests holders.</p>

	<h3>Adjusting of push handles</h3> <p>Take out the clips and move the handle to the wished position. Put the clips back in. NB! There are holes so the handles can be angled backwards or to the sides so the chair is easier to manoeuvre.</p>
	
<h3>Mounting of calf support</h3> <p>The calf support is fastened with Velcro tape on the backside. The depth and the calf support is adjusted by fastening the Velcro tape further in or further out. Care: Washable at max. 80 degrees</p>	
	<h3>Mounting of side supports</h3> <p>The side supports are put in the square tube on the chair frame. Height/Depth/Width is adjusted by loosening the finger screw and then holding the side support in the wished position and then tightening the finger screw again. If wished you can place the foam pillow horizontal</p>
<h3>Adjusting the headrest</h3> <p>(Art. No. 310221)</p>  <p>The height of the headrest is adjusted by loosening the finger screw and tightening it again when the height is right.</p>	<h3>Adjusting H+D headrest</h3> <p>(Art. No. 310222)</p>  <p>The height and depth of the headrest is adjusted by loosening the two finger screws and then tightening them again once they are in the right position.</p>
<h3>Mounting of hipstrap</h3> <p>The two parts are mounted on the back rest tubes. The hipstrap is closed and opened with Velcro.</p>
